PETROLEUM REFINING TECHNOLOGY
2020 SEMINAR SCHEDULE

LIVE VIDEO CONFERENCES
Basics of Petroleum Refining for Non-Technical Personnel July 21, 22
Introduction to Petroleum Refining Processing July 28, 29, 30, 31
Fluid Catalytic Cracking Process Technology August 4, 5, 6, 7

PROGRAMS TO BE PRESENTED AT HYATT REGENCY HOUSTON INTERCONTINENTAL AIRPORT
Basics of Petroleum Refining for Non-Technical Personnel October 19
Fluid Catalytic Cracking Process Technology October 19, 20, 21
Steam Cracking & Olefin Technology October 19, 20
Utility Cost Savings in Refineries & Chemical Plants October 20, 21
Introduction to Petroleum Refining Processing October 20, 21, 22
Delayed Coking Process Technology October 20, 21, 22
Hydrotreating & Hydrocracking Process Technology October 21, 22, 23
Refinery Distillation: Operation & Troubleshooting October 21, 22
FCCU Troubleshooting & Optimization October 22, 23
Crude Oil Desalting November 9, 10
Refinery Troubleshooting November 9, 10
How to Blend Bunker Fuel November 9
How to Blend Gasoline and Diesel in Refineries November 10, 11
Water Treatment for Refineries and Chemical Plants November 10, 11, 12
Catalytic Reforming Process Technology November 11, 12, 13
Refinery Economics and Margin Improvement November 11, 12, 13
Crude Oil Distillation November 11, 12, 13
How to Blend Gasoline and Diesel for Traders November 12
